THE BIGGEST BARRIER TO USING
SANITARY NAPKINS IS AFFORDABILITY

Now, FINALLY there is an **affordable solution for the 400 million** who want an easier and cheaper alternative: **SAAFKINS** - The world's First advanced 12 hours Reusable Sanitary Protection!

Every Napkin is treated with a proprietary disinfecting textile-treatment technology, making the fabric antimicrobial and skin safe (no chemicals, no toxins). Due to a **Special Stain-Release Technology**, the four layers of the Napkin is easy to wash and re-use.

A Solution for **80% girls in India who cannot afford Sanitary Napkins**. The Worlds First (and only) bacteria and yeast killing, reusable, washable, affordable sanitary solution.

- Reusable for upto one year (60 washes)
- Effective fluid absorption for upto 12 hours (90 - 100 ml)
- Special leak-proof lining
- 85% Biodegradable.

WOTR's INTERVENTION

- Education for rural women on reproductive health and hygiene for which we have run campaigns in **130 villages** with an outreach of **26000 women and 7800 girls upto March 2017**
- Distribution of **1000 SAAFKINS** to **700 women and 300 girls**.

OUR TARGET: 2288 villages and 457600 girls and women.
